WORK EXPERIENCE

University of New Mexico, IM Translations Informatics **Jan. 2025 - Jun. 2025**

Technical Assistant - Advanced Research *Albuquerque, NM*

- Mined PubMed abstracts using SemMedDB and PheKnowLator to identify second- and third-degree biomedical relationships relevant to Alzheimer's progression.
- Developed Python and R scripts to query and analyze clinical datasets, mapping biomarker connections using knowledge graph techniques.
- Applied NLP and graph-based methods to extract key insights from 500+ scientific papers, reducing manual literature review efforts by 30%.

PT Bali Yuva Solutions **May. 2024 – Aug. 2024**

Web Developer Intern *Bali, Indonesia*

- Developed and maintained WordPress websites, improving user engagement through responsive design and SEO optimization.
- Optimized website performance through image compression, caching, and minified CSS/JS, improving load times by up to 40%.
- Collaborated with designers and the marketing team to implement UI/UX improvements that increased visitor retention and conversions.

Beren Co., Ltd. **May. 2018 – Sep. 2018**

Data Analyst intern *Ulaanbaatar, Mongolia*

- Cleaned, organized, and maintained datasets with 50,000+ records to support accurate reporting for senior analysts.
- Ran weekly data quality checks, flagging and resolving 100+ inconsistencies to ensure >90% data accuracy.
- Compiled and formatted weekly reports for senior analysts, summarizing key operational metrics.
- Participated in meetings to share data findings, contributing to process changes that improved workflow efficiency by ~15%.

EDUCATION

University of New Mexico **Graduation May, 2025**

Bachelor's degree, Computer Science *Albuquerque,NM*

- **Summa Cum Laude | Dean's List**: Fall 2021–Fall 2024 **| 2nd Place**, UNM & CNM'S App Contest (2023).

CERTIFICATION

- ***Google IT Automation With Python:*** Automated IT tasks across physical and cloud environments using Python.
- ***Supervised Machine Learning: Regression and Classification:*** Built and trained models for prediction and binary classification (linear/logistic regression).
- ***Data Science from SoloLearn:*** Practical and theoretical foundations of data analysis and modeling.
- ***Software quality assurance from Portnov Schools:*** Fundamentals of QA, frontend testing, and software validation.

For a comprehensive list of my certifications and details, please visit my portfolio for certificates: https://bat-portfolio.vercel.app

SKILLS

- Programming: Python, C++, C#, Java, Swift
- Frameworks & Libraries: Pandas, NumPy, scikit-learn, PyTorch, TensorFlow
- Data & Machine Learning: Data Analysis, SQL, ETL, Machine Learning Algorithms, Knowledge Graphs, Natural Language Processing (NLP), Data Structures, Predictive Modeling
- Web & App Development: HTML, CSS, JavaScript, React, WordPress, Responsive Design, iOS Development
- Systems & Tools: Linux, macOS, Git, Jupyter, REST API, SFTP, QA Testing, Agile Methodology, Microsoft Office Suite - Word, Excel, Powerpoint
- Other: Cybersecurity, Technical Research, Biomedical Research, Academic Research
